President's Message

Summer is "officially" here!!

It's only been over a week, but do you feel like the season is already getting away from you? After all, July 4th is just a few days away and students will be heading back to school in as little as six weeks! Sheesh!

That's why you need to make the best of the time you have left and enjoy what is the best warm weather venue in the region. Plenty of opportunities left. But more on that in a moment.

First, apparently my "thought piece" from last month got some of you thinking.

Thanks to those members who responded with some very good and important ideas and suggestions on how the board and management can make our University Club better. We'd love to hear from more of you. With that, the board is in the process of putting together a member survey that we hope to have in front of all of you soon. We believe it's essential we get critical input from our investors (YOU) to help the UClub be better and grow. However, you don't have to wait for the survey. We always encourage and welcome constructive feedback from the members. Please reach out to me, any member of the board, also Bob and Kelly. We'd love to hear from you.

As the weather heats up, so does the UClub calendar. July has three music nights (July 2, 22 and 31), an always popular basket night (July 1), plus a Breakfast at the Club on July 11. The 'must be there' events are the always spectacular July 4th Picnic and, now something new, a Caribbean Night Party on July 25th. Sounds wonderful, doesn't it?

Finally, it appears Mother Nature is going to turn up the heat. The forecast calls for temps in the 90's for the start of the month and, I'm sure there will be several more hot days ahead. Our pool is the perfect place to "chill out" and don't forget the Tiki Bar is open on weekends.

Summer is sizzling and so is your UClub in July!

See you there.

Vince Zammuto
President

General Manager Letter

Dear Members,

We are hoping that summer decides to show up with warmer temperatures and sunny skies. Although, we have had a few nice days, we have had to be inside for all our music nights. We have multiple compliments on the Tiki Bar and its offerings. If you have any ideas to improve your pool experience, please reach out and let us know and we will investigate implementation.

I know you have heard this several times, but it can't be overstated that we need you to utilize YOUR club as much as you can. We don't expect you to eat at the club every day but just once or twice a month more will help the club remain financially sustainable. Utilization is the key to maintaining and managing the staff and without your usage it is difficult to keep our amazing staff.

Coming up in July, we have planned several events for the membership to enjoy, and the schedule is as follows:

Wednesday, July 1st – Basket Night
Saturday, July 4th – 4th Of July Picnic
Wednesday, July 8th – Music Series (Bill & Jim's Most Acoustic Adventure)
Saturday, July 11th – Breakfast Served At The Club (8am to 11:00am)
Wednesday, July 22nd - Music Series (Miles & Kelly)
Saturday, July 25th – Caribbean Night
Friday, July 31st – Music Night (Three Good Men)

If you have any questions, feel free to reach out to myself or Kelly Adrian and we can assist you with any questions or needs you may have. We are looking forward to seeing you at the club.

Robert White
General Manager
Phone: 815-962-1730

Wednesday, July 8th – Book Club

Join us each month for our Lunchtime Book Club, all are welcome. This month they will be meeting on Wednesday, July 8th at noon. This month they will be reading **Death Comes To Pemberley** by PD James.

Death Comes to Pemberley is a 2011 murder mystery novel by P.D. James, serving as a sequel to Jane Austen's *Pride and Prejudice*, set six years after Elizabeth and Darcy's marriage at Pemberley. The story begins when a hysterical Lydia Wickham arrives, claiming her husband, Wickham, has been murdered in the woods, plunging the Darcy household into a crime investigation that involves many familiar characters and a court trial, blending Austen's world with a classic whodunit.

Wednesday, July 8th – Forbes Summer Music Series

Call all your friends and make your reservations, **Jimmy** and his band, **Bill and Jim's Most Excellent Acoustic Adventure**, will be performing for a special music night!!!

Saturday, July 11th – Breakfast

CAN'T GOLF? YOU CAN STILL HELP! BECOME A HOLE SPONSOR FOR \$150

- ✓ Your name on one of the 18 tee box signs
- ✓ Your name recognized on the donor board in the U Club foyer
- ✓ For every 25 hole sponsorships sold, one sponsor name will be drawn to win a special gift from the University Club
- ✓ This much appreciated donation may be tax deductible.

PLEASE CONTACT THE U CLUB OFFICE
TO BECOME A SPONSOR.

AND IF THAT IS NOT ENOUGH...

Silent Auction
BACK AT THE CLUB!

Thank you for your past financial support of the University Club of Rockford's **McCarthy/Weller Memorial Golf Play Day**. We are excited for our Tuesday, August 18th play day at Forest Hills Country Club.

Why is your generosity so needed? For over 60 years we have provided financial assistance to the area's best and brightest scholars. Today our scholars could benefit from as much as \$6,000.00 in scholarship money over their first four years of college. We really want to do more, but that takes the financial resources of generous donors such as yourself. With a goal of raising \$10,000.00 this year, this will aid in our mission going forward.

Our hole sponsorships remain at \$150.00. Your sign would be placed on one of Forest Hills Country Club's 18 tee boxes. With a goal of 120 golfers participating in the play day, your sign would be seen by many.

For every 25 hole sponsorships that are sold, a hole sponsor name will be drawn. The winner will receive a special gift from the University Club. This much appreciated donation may be tax deductible. **Please contact the U Club Office to become a sponsor.**

May we count on your support? If your answer is "YES", you may contact the club's Kelly Adrian at 815-962-1730 or via email at kadrian@uclubrockford.com. She will then make payment arrangements with you.

If you have any questions for me, please feel free to contact me at via email at: mpr3155@comcast.net.

Thank you so much for your consideration of this worthwhile cause!

Sincerely,

Mike Robinson
Committee Chairperson

Dear Friends at the University Club of Rockford,

It's with a lot of emotion that I am giving you my final update at the conclusion of my four years at Northwestern. I've officially graduated with a B.A. in biological sciences and minors in data science and German. I received departmental honors for my years of independent research and an award-winning senior thesis. Lastly, I was recently inducted into Northwestern's Phi Beta Kappa chapter, having been selected for my academic accomplishments and the breadth of subjects I've studied.

At the start of my college journey, I was not sure what I wanted to do with my love for biology. Now, I am happy to share where the personal growth and intellectual exploration I've experienced since then have led me today. You may recall that the last time I wrote to you, I was applying to PhD programs in biology and had several interview invitations. I spent most of January and February flying all over the country to interview at all of these different programs. While it was difficult to balance travel and interviews with classes like Functional Genomics and Data Science, I am pleased to report that I received admission offers to PhD programs at 6 different schools: UW Madison, UC Davis, UC Berkeley, the Stowers Institute for Medical Research, MIT, and Harvard Medical School. I've decided to pursue graduate training at Harvard and will be moving to Boston in August!

When I visited Harvard for my interview, I was impressed by all of the professors and fellow students to whom I spoke, not just for their humble brilliance but for their passion and authenticity. I hope to combine my experience in regeneration and aging research to study how regenerative capacity changes over the lifespan. Many animals, including humans, experience a precipitous decline in the ability to heal wounds and regenerate tissue as they age, and I want to understand how other organisms delay or avoid this phenomenon so that we might find interventions that can keep humans healthier for longer. I'd love to one day become a professor who runs a lab studying regeneration, mentors students across training stages (especially undergraduates), and teaches a class about developments in regenerative medicine. I am especially passionate about mentorship because I know how integral it has been to my thriving at Northwestern, and I hope to do for other students what my professors and graduate student mentors have done for me. I believe Harvard will be a wonderful place for me to train, and I am beyond grateful for this incredible opportunity.

I want to sincerely thank you all for your support throughout my time at Northwestern. Your ongoing endorsement served as a consistent reminder that you believed in my ability and potential to succeed. I feel that I had one of the best academic experiences I could possibly ask for, and this journey is not one I could have completed alone. Thank you for being a part of my support network. Please don't hesitate to reach out or to put me in contact with any students you may know who are considering Northwestern or are interested in pursuing research!

With sincere gratitude,
Chaeli
